Taste the Jones Difference.

Our Naturally Smoked Hams are known for their signature flavor and are still crafted on the original land where it all began in 1889 in Fort Atkinson, Wisconsin.

Jones hams are naturally smoked with real hickory or cherrywood chips. Our Certified Gluten Free hams are always made using fresh ingredients and the leanest cuts of meat. Whether served in sandwiches, salads, or as the center of the plate, our attention to detail ensures better quality — something your customers can taste and see.

JONES NATURALLY SMOKED HICKORY OR CHERRYWOOD HAMS

We start with the freshest, leanest cuts of pork and naturally smoke them slowly over real hickory or cherry hardwood — never with liquid smoke like some of the competition. By removing the internal fat and avoiding ground trimmings and fillers, our hams yield more usable meat than our competitors' because we use premium, whole muscles. Each ham delivers a subtly sweet, smoky flavor in every bite and remains consistently juicy and tender, slice after slice.
